Subject: General revision of storage charges from April 01, 2021.

It is intimated that HSWC is following the pattern of CWC with regard to revision of storage charges for various commodities with some modifications, with the approval of its Board of Directors. The central Warehousing Corporation (CWC) has revised its general tariff of storage charges w.e.f. 1.4.2021 with approx. 5% to 15% upward revision in the existing tariff in some commodities, the category/rating of the standard rated warehouse has been kept unchanged at 740

To keep pace with increasing establishment cost, Operational, Renovation cost and other relevant factors, It has been decided by the competent authority in principal to revise the rates of storage charges w.e.f. 1.4.2021 on the pattern of CWC in anticipation of BOD approval. The revised tariff of storage charges w.e.f. 1.4.2021 with approx. 5% to 15% upward revision in some commodities in the exiting tariff is given below:
